FRANCIACORTA

CURTEFRANCA BIANCO SILVESTRE 2025

DOC

Grape Variety: 100% Chardonnay

Vineyards: The grapes come from two vineyards, both located in the Colzano area of the municipalities of Capriolo and Adro, with an average vine age of 25 years.

Yield per Hectare: The average yield is 8,000 kg of grapes per hectare.

Winemaking: The grapes are harvested at full ripeness, which for this vintage occurred in the middle of August. The grapes are hand-selected and then gently pressed at a pressure of less than one atmosphere to ensure that only the finest first-press juice is obtained. After slow, temperature-controlled fermentation, the wine is kept in contact with the lees for six months. 80% of the wine is aged in stainless steel tanks, while the remaining 20% is aged in small, second-use oak barrels. The two portions are then blended in early spring, without undergoing malolactic fermentation.

Alcohol Content: 12.50% vol.

Analytical Data:

- **Total Acidity:** 5.60
- **Volatile Acidity:** 0.23
- **pH:** 3.16
